

Sample Tenant Check Report

Running a check with myRent is easy. Here's how it works:

1. Order your checks

Simply provide us with the name and contact details of the tenant and we will contact them to obtain the detailed information and legal permission to run the checks.

If your tenant applied for your property through a myRent advert then you can skip this step as we have everything we need.

2. Review & payment

Once we have all the info from the tenant we let you know so you can review it. You'll then finalise payment to proceed with the check.

3. View the results

The majority of the information will be available instantly through your dashboard. We will let you know via email when the employment, previous landlord, and character checks are ready. As these require a human response, they are usually available within an hour but can take a day or two.

Your check will include:

- Centrix Credit Report & Score
- Equifax Credit file history*
- Experian Credit check & file history*
- Tenancy Tribunal Database
- Experian Tenancy Database
- ID Verification
- Insolvencies
- Court judgement/fines
- Police search
- Parole board
- Interpol
- Employer Checks

*Available in our \$55 check only

Which tenant check is right for you?

We have two tenant check options available. Our **\$35 check** is performed using one major credit check agency, Centrix. Our one agency option is the most popular but if you're looking to add 2 more credit check agencies for added reassurance then we have a **\$55 report** which includes Centrix, Equifax and Experian.

Note: It is not usual practice or necessary to run checks with all 3 agencies as it increases costs without revealing additional information but at times it can provide additional data.

Results

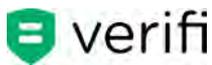

Check the top of each page of this report to see what will be included in our \$35 Check or our \$55 Check. This is defined by the following key:

\$35 Check

\$55 Check

This sample report will give you an overview of what you'll see when you run a tenant check with myRent and what the makes up the content within them.

Where our results come from:

Centrix credit score and tenant report

Centrix Score	745
Risk Odds	19.0:1

The higher the score, the lower the risk.

A score in this range indicates you can expect 19.0 good accounts for every 1 bad performing account.
